

TRUMPET

Small grain, big yield for improved profitability.

Benefits

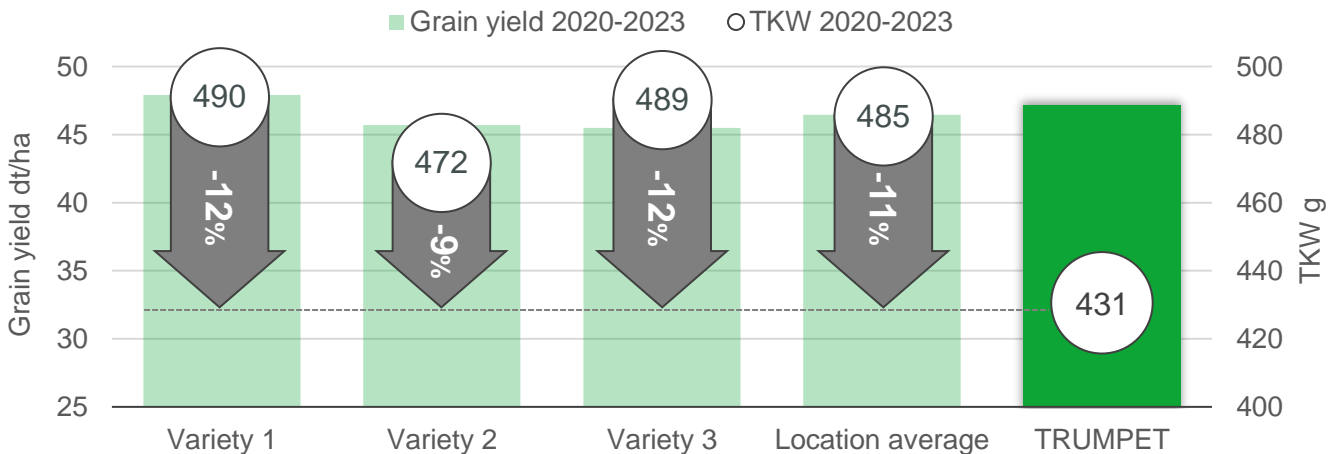

- ✓ Proven in the field.
- ✓ Convincing and long-term yield stability on farms and official trials.
- ✓ Small grain weight.
- ✓ Medium – high protein content.
- ✓ Very good lodging resistance.

Classification based on German Federal Plant Variety Office 2024 and own observations.

Small grain – BIG output.

Year after year, TRUMPET delivers above-average grain yields. The small TGW makes handling easy and reduces sowing costs.
