

ASTRONAUTE

Consistent high yields at all locations.

Benefits

- ✓ Long-term yield reliability at the highest level.
- ✓ Easy crop management and stable yields.
- ✓ Uniform maturity with proven standability ensures low-loss harvesting.
- ✓ Recommended for cultivation on all locations, also recommended for organic farming due to effective weed suppression and high standability.

Standability

Classification based on German Federal Plant Variety Office 2024 and own observations.

Yield reliability thanks to plant health and adaptability.

ASTRONAUTE has proven its outstanding environmental stability and suitability for all locations in many countries. Grain and protein yields are effectively ensured by a good plant health and high standability.

Source: Germany, BSA. NL-trials 2023. Grain yield: 9 locations, rel. 100 % = 32,7 dt/ha; Checks = ASTRONAUTE, ALVESTA.
Index = sum of disease ratings (virus, downy mildew, powdery mildew, ascochyta, botrytis, root diseases, fusarium, alternaria, rust)
