

FEROE

Top yielder with good standability.

Benefits

- ✓ High grain and protein yield potential.
- ✓ Alternative in regions with risk of early summer drought.
- ✓ Very good winter hardiness.
- ✓ Safe quality due to healthy plants.
- ✓ Good lodging resistance, even under difficult conditions.

7 Grain Yield

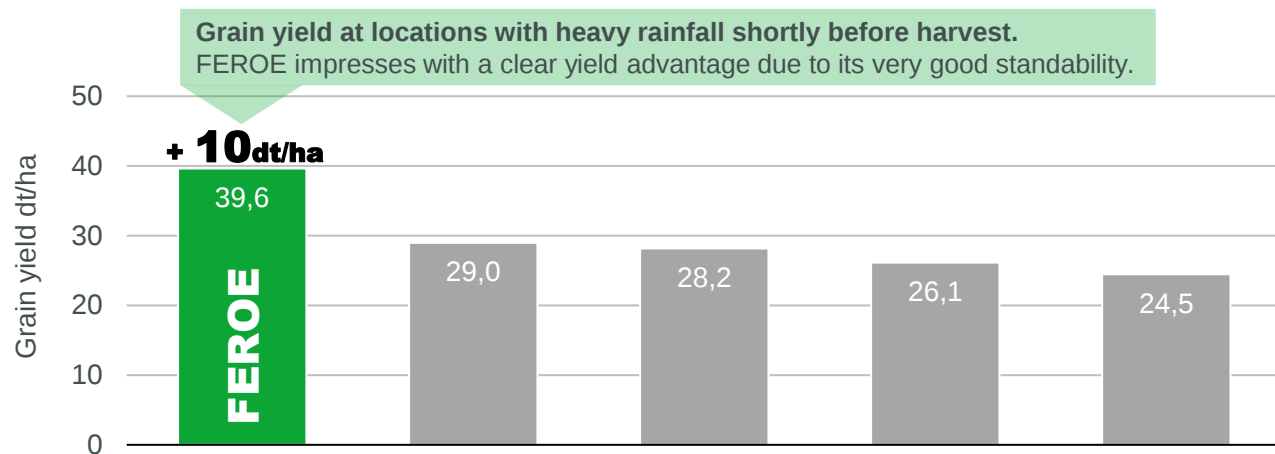

6 Protein Yield

6 Standability

Classification based on German Federal Plant Variety Office 2024 and own observations.

FEROE – The pea that braves the cold.

The low TKW not only makes handling easier, but also reduces sowing costs. Furthermore grain and protein yields are ensured by a good to very good plant health and standability.
