

BINGO

Full points for yield and quality.

Benefits

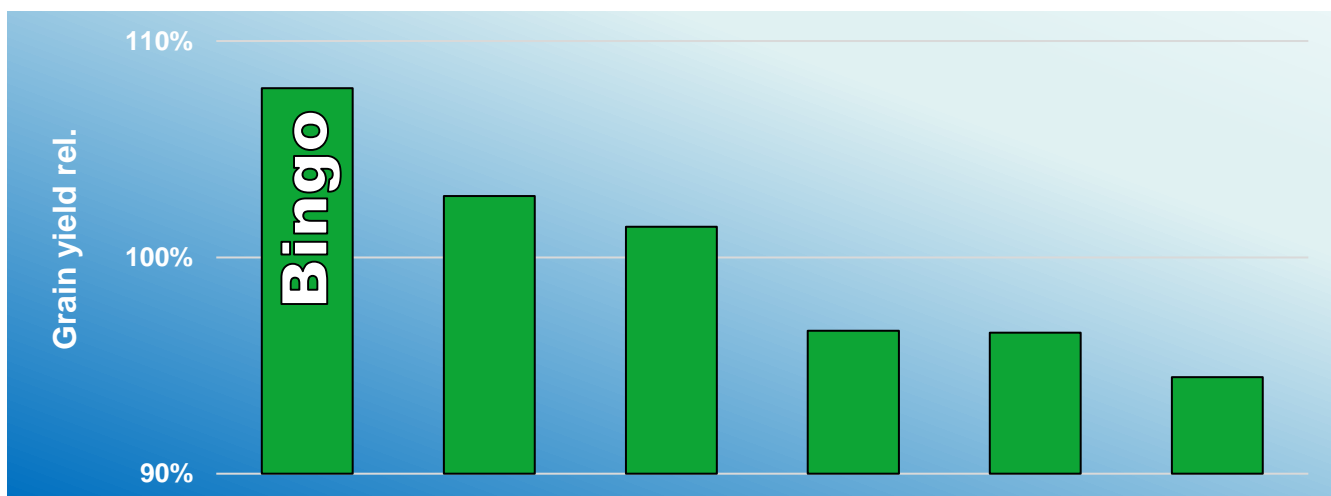

- ✓ Improved potential with high grain yields and excellent oil quality.
- ✓ Short plant type with high standability.
- ✓ Favourable agronomic characteristics for low-input cultivation.
- ✓ Brown seeds for various uses.

Classification based on German Federal Plant Variety Office 2023 and own observations.

Above-average performance over the years.

In recent years, **BINGO** has realised above-average grain yields, resulting in a rewarding oil yield at low production costs.
